

## Parent-Teacher Association (PTA) Meeting Minutes

Meeting Date: Tuesday, January 17<sup>th</sup>, 2017

Meeting Time: 6:00pm

**Regrets:** Kathy Boutilier, Mike Outlette, Victoria Laurence, Jennifer Osmond

<b>Welcome</b>	Anthony and Danielle welcomed all in attendance, including Craig Gerrard representing Kentville Town Council.
<b>Committee Reports</b>	
<b>PTA President</b>	
	No report to give.
<b>Treasurer</b>	
	D. deGraaf provided Treasurer's report, citing a present balance of \$13,754.94. She reported that we made \$616.00 from the Movie Night and Christmas Shopping party profit of \$1914 and \$688.25 from the Paint Nite. Dec 1 cheque was written for PlayPod project. \$3000 still allocated toward playground. Question regarding money for board games for math teacher. With work to rule it may not be happening but haven't heard anything yet.
<b>Principal/Vice-Principal</b>	
	None to report.

<b>Town of Kentville: Craig Gerrard</b>	
	C. Gerrard was asked about the potential application to rezone area for Allen's Motel for purchase by the Cdn Mental Health Assoc to have a transitional and emergency housing for individuals experiencing mental health crisis or need. No application has actually been submitted so nothing can be done yet. Process involves staff doing research and then a first reading and then a public forum and a couple council meetings. Anyone can write during this time (now) and as the process moves forward citing their concerns or support for the proposal. People should tell their neighbours now. Proximity to school, rec facilities, and daycares may pose some concern. A request was made to Craig that a letter be sent to the principal to notify all parents if the zoning process moves forward- not only those that live in the area.

# Kings County Academy

<b>New Business</b>	
Crystal - Goodbye	Crystal retiring after 30+ years. Group agreed to do something for her. Will explore the purchase of a gift plus something for the school in her name. Ideas will be generated via PTA email.
<b>Other</b>	
Aladdin Production	Money was given for the production of Aladdin but with Work to rule it may not happen. Have to see where the money is. Follow up with Mike. Money was given to band as well.
Spring Fling	No spring fling with Work to rule in place. PTA could still give \$100 without the spring fling profits. It was said that we cannot do this with work to rule. Hold this money for the Fall.
Movie Night	Want to hold another movie night but no admin allowed. Could still do it and get parents to set up the equipment. Need to find a date even with no in-service. Should be timed around a new release. Juli W. will send out email then choose a date. Probably in February.
Paint Nite	There is a lady in wolfville doing this - Paint by Nicky. Could have a max number which we would need to know and how much would go back to school and what cleanup and setup would be needed. Last paint night there was a mess in the kitchen. Mike was aware of it but we should ensure that isn't the case next time. Halifax paint nite took all the money as well which was helpful. If Wolfville lady doesn't do this, then it might not work for the PTA.
The meeting was adjourned at 7pm.	

Respectfully submitted,  
Bradley Osmond
