

Science Fair Interest Form

March 2nd – March 4th

Name: _____ Partner (if applicable): _____

Homeroom Teacher: _____ Grade: _____

Project Title: _____

The project must be self-standing. Anything that is or could be hazardous to animals, students or the public is prohibited and cannot be displayed. Displays cannot contain mould, nuts, more than a cup of liquid, chemicals or anything sharp. Also, actual volcanoes are not to be sent to the fair. Models or photographs can be used instead of things that are restricted from display.

If other people are involved in the collection of data, those participants must give informed consent to participate in any science fair projects before it begins. The confidentiality of all participants must be maintained.

Does your project need to be plugged in? _____ If so, you must provide an extension cord that is CSA approved.

Do you require any other materials to display your project?
